<p>European Mission Soil Week 2024: Building a Sustainable Future from the Ground Up. https://deephorizon.eu/esmw24/ Tue, Nov 12</p>	58	4	Boost a
<p>We're proud to collaborate with UFZ in the DeepHorizon project! 🌟 UFZ is spearheading the development of process-based models to quantify subsoil functions, vital for evaluating ecosystem changes under varying conditions. Their scientific contributions are instrumental in shaping sustainable soil practices throughout... Mon, Nov 11</p>	71	6	Boost a
<p>World Science Day for Peace and Development https://deephorizon.eu Sun, Nov 10</p>	24	--	Boost a
<p>Explore "Exploring the Framework of DeepHorizon: Introducing New Trends in Soil Science for a Sustainable World" This EU-backed initiative dives deep into the subsoil to preserve our natural resources and tackle climate change. Learn how cutting-edge technology and models such as BODIUM and ECOSYS are revolutionising our understanding... Fri, Nov 8</p>	3,022	137	Boost a
<p>We are excited to introduce the dedicated team from UCLouvain, our partners in the DEEPHORIZON project. Their expertise in Soil and Water Engineering is pivotal to our research on environmental impacts and sustainable agriculture. Learn more about their contributions here: https://deephorizon.eu/universite-... Tue, Nov 5</p>	6,861	95	Boost a
<p>🌍 Celebrating a Milestone! The DeepHorizon project, led by UCLouvain and funded by the European Commission, kicked off with an exciting meeting in Louvain-la-Neuve, Belgium. Our team, along with partners from over 20 scientific institutions across Europe, convened to discuss the future of subsurface soil research... Thu, Oct 31</p>	163	31	Boost a
